In February, FISH will **check** in with our partners from Together WE CAN (WE CAN: Work to End Child Abuse and Neglect), a community-driven movement with the bold goal of **ending** child maltreatment in Scott County within a generation. Together WE CAN **envisions** a Scott County where all children are safe and thriving, and their families **remain** intact with the ability to access and use resources that **support** family stability and community connections now and in future generations.

Please join us to learn about the exciting things they have **planned** for our community in 2021!
