Please join FISH in welcoming SDA and Misty Van Voorst, who will be presenting on their mission, which is to cultivate and embrace cultural diversity through volunteerism and education.

The Shakopee Diversity Alliance holds events so community members can connect on issues related to race while trying to break down barriers impacting our communities of color. SDA wishes to create opportunities for people in the Black, Indigenous, and people of color community to participate in leadership roles and help build awareness of resources available in our community that provide services to support our communities of color.
